

We are Aurelius Family Office LLC, an investment adviser registered with the Securities and Exchange Commission. Investment advisory and brokerage services and fees differ, and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. Our firm and financial professionals' registration information are also publicly available on the [Investor.gov](https://investor.gov) website.

## What investment services and advice can you provide me?

We offer customized portfolio management and financial planning and consulting services to retail investors. We offer advice on a full suite of securities, including equities, fixed income, mutual funds, ETFs, options, and similar investments. Our services are generally provided on a discretionary basis, which means that we have the power to buy and sell securities for your account without your prior consent. This authority is usually unlimited and remains in effect until you revoke it. For financial planning services, we do not exercise discretionary authority or require you to use certain advisors. We do not give advice on any proprietary investment products.

We provide continuous and regular supervision of advisory client assets as part of our standard service to you. In addition, we will conduct ad hoc reviews if you change your objectives or risk tolerance, upon significant market and economic events, or if we change our investment strategy.

We generally require a minimum quarterly fee of \$2,500. If your portfolio value is less than \$800,000, you may be able to obtain comparable services at a lower cost elsewhere. We may waive this minimum requirement at our sole discretion. We may also combine account values for you and your minor children, joint accounts with your spouse, and other types of related household accounts to meet the stated minimum.

Please go to <https://adviserinfo.sec.gov/firm/summary/323016> for additional information on our firm. Select **PART 2 BROCHURES** and reference **Items 4, 7, and 8 of our Part 2A Brochure** for additional information on our services, investment advice, and account requirements.

### Other Questions You May Have

*Given my financial situation, should I choose an investment advisory service? Why or why not?*

*How will you choose investments to recommend to me?*

*What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

## What fees will I pay?

Our quarterly fees are calculated as a percentage of the assets under our management, so our fees will rise and fall with the value of the assets we manage for you. While our fees may reduce the amount of your assets available for investment, we believe they are justified by our services and attention to your needs. Moreover, we believe our interests are aligned with yours in this type of fee structure. Nonetheless, a conflict of interest may appear in that we are economically incented to recommend that you place more assets in your account in order to increase the value of your portfolio, because as the value increases, so do our fees.

In addition to our fees, you may be charged transaction or asset-based fees by your custodian for its services. These fees vary depending on the custodian. Under a transaction fee arrangement, the more transactions effected in your account, the more fees you will pay, and high activity in your account does not assure positive portfolio performance. For custodians that charge their fees based upon a percentage of your assets, such fees may be more than would be the case if you are charged a transaction-based fee. Please be mindful of the effect of your portfolio size, the level of activity, and the rate of custodian asset-based pricing. Generally, large portfolios would be disadvantaged by paying an asset-based custodian fee versus a transaction-based fee. Some securities carry additional costs, such as mutual funds and ETFs. Financial planning and consulting fees will be charged a fixed rate as agreed upon by you and our firm.

There are additional fees such as internal fees and expenses charged by mutual funds (i.e., 12b-1 distribution fees and management fees that are assessed within the mutual fund) and exchange-traded funds, product-level fees and commission for insurance-related products, postage and handling, transfer taxes, SEC fees for sales of securities. Also, with certain investments such as variable annuities, you may have to pay fees such as "surrender charges" to sell or redeem the investment.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. **You can find more information about our fees and costs under Item 5 of our Part 2A Brochure, <https://adviserinfo.sec.gov/firm/summary/323016>.**

#### Other Questions You May Have

*Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

### What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means:

- Certain of our financial professionals are licensed to sell insurance, which creates a conflict of interest regarding compensation.

Additional information regarding conflicts of interest can be found in Items 5, 10, 11, 12, and 14 of our Part 2A Brochure, available at <https://adviserinfo.sec.gov/firm/summary/323016>.

#### Other Questions You May Have

*How might your conflicts of interest affect me, and how will you address them?*

### How do your financial professionals make money?

Our financial advisors are paid either a percentage of the fees we collect from you or a salary and bonus. Our financial advisors may receive commission-based compensation for the sale of insurance-related products. We are incentivized to recommend that you add additional assets to your advisory account. We do not receive non-cash compensation.

### Do you or your financial professionals have legal or disciplinary history?

Yes, our firm or our financial professionals have disciplinary records, which can be found by accessing [Investor.gov/CRS](https://investor.gov/CRS) for a free and simple search tool to research our firm and our financial professionals.

#### Other Questions You May Have

*As a financial professional, do you have any disciplinary history? For what type of conduct?*

You can find additional information about our investment advisory services on our Part 2A Brochure, available at <https://adviserinfo.sec.gov/firm/summary/323016>. You may contact us at 603-413-6060 if you have questions or to request a current copy of this Relationship Summary.

#### Other Questions You May Have

*Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*

---

#### Exhibit 1: Form CRS Changes

We have made the following change to our Relationship Summary since the last version dated October 16, 2024:

We added a minimum quarterly fee requirement of \$2,500, which may be waived at our sole discretion.

Certain of our financial professionals are licensed to sell insurance for which they receive commission-based compensation. This represents a conflict of interest.
